

Facilitator Training Programme

Learn how to use the LEGO® SERIOUS PLAY® materials and methodology and become a certified facilitator!

Enhance your own workshops and training-programmes by encouraging people to *“think through their fingers”* for more creative results and unique solutions, by becoming a LEGO® SERIOUS PLAY® facilitator! This training in designing and facilitating workshops with the LEGO® SERIOUS PLAY® method is meant for professionals from the public and private sector who seek an innovative and inspiring way that gets the best out of themselves and their teams!

The Facilitator Training Programme

The Pax Ludens training programme provides participants with the knowledge and skills needed to effectively use the LEGO® SERIOUS PLAY® materials and methodology during their own workshops. It will be facilitated by Per Kristiansen, co-developer of LEGO® SERIOUS PLAY® and one of the most experienced LSP facilitators worldwide.

You will use lego to create models that express thoughts, reflections and innovative ideas

Day:	Programme:
5 September	Methodology, key theories and design elements
6 September	How to apply the method for team, people and relationship development
7 September	How to apply the method for business and organisational development
8 September	How to design unique customised workshops

Target group

This training is aimed at both in-house learning and development specialists, HR staff, team leaders, educators, innovation experts as well as professional facilitators and consultants who want to use it in their own practice.

Organizations like Daimler Chrysler, Nokia, Roche, Verizon Wireless, Tupperware, KLM and Rijkswaterstaat use this method already.

Learning objectives:

- ✓ Understand the LEGO® SERIOUS PLAY® method and its main applications, Real Time Strategy for the Enterprise and Real Time Strategy for the team
- ✓ Gain the knowledge and experience needed to effectively implement and facilitate the LEGO® SERIOUS PLAY® technique and applications
- ✓ Explore and learn more about the concepts and values of LEGO® SERIOUS PLAY® and its applications

Results

At the end of the training, participants will have acquired sufficient insights, information and application ideas to develop and successfully deliver workshops using the LEGO® SERIOUS PLAY® methodology. They will receive a document of qualification as evidence.
